

# TAILORED PARTS PACKAGE

## How does your current supply chain stack up?

There's a fine line between ensuring every aircraft in your fleet is readily available and maintaining the parts inventory to do so. Does your current parts supplier offer predictable pricing, guaranteed lead times, or worldwide locations? If not, it's time to look at Tailored Parts Package from Boeing.

### Customized.

Tailored Parts Package is a customized supply chain solution—you commit to purchasing a set group of parts for the term of your contract, Boeing does the rest.

### Simplified.

We work with you to create the right package based on the needs of your organization and help simplify the supply chain process, which allows your teams to focus on the right priorities.

### Delivered.

Not only do we guarantee parts are delivered when and where you need them, Tailored Parts Package can also deliver significant savings to your supply chain operation.
